Getting to know your smartphone

Inserting a SIM cards and Micro SD card

To insert SIM card(s):
1. Switch off the smartphone and remove the rear cover.
2. Insert the SIM card correctly in the card slot(s)
(See figure below)

Slide the memory card into the card slot until it clicks into place.
Charging your phone
You can charge your battery using the charger or connect the USB cable (supplied with this smartphone) to the computer.

Notice: Built-in battery is not removable.
Keys and Parts

The smartphone gives you marvelous feelings to experience on Camera, Video recorder, FM radio, Music and Sound recorder. Let you install various APPs, games, and more (supports APK format) by downloading from Android Market.
Lock and Unlock the Screen

Press power button to enter Sleep mode and meanwhile the screen will be locked; press power button again to wake up and then drag up the unlock.
Make it yours

1) **Home screen:** It is your starting point to access all the features on your phone. It displays application icons, widgets, shortcuts, and other features.

2) **Notification Bar:** At the top of the screen, the Status bar displays the time, status, and notifications. If there is a new message, missed call or something in the notification bar, you can drag it down to open notification panel and click the desired one to have a view. When you finished, you can close it by dragging the panel up or pressing “Back”.

Add Widgets and more icons to Home Screen

Add widgets and icons to home screen

Enter Launcher and long press and hold an application till the app displays on the home screen, and then release your finger hold.

Rearrange or remove widgets and icons on your Home screen

a). Long press and hold the widget or icon you want to move. Once “App info” appears, don't release your hold on the icon and drag the widget or icon to a new location on the screen.
b.) Press and hold on icon for several seconds, and then drag the widgets or icon to remove!

Touch and hold the app.
Enter Launcher

Open and Switch Applications

The Launcher holds icons for all of the applications on your phone, including any application that you downloaded from Android Market or other sources. On the Home screen, touch the Launcher Icon to open the main menu.

Slide the Launcher left or right to bring more icons into view.

Touch an application to open it.

Press Home icon or Back icon to close the Launcher.
Switch to Recently Used Application

Press and hold the icon for a few seconds.

Touch to open the application.
Tips: To browse the web, you need switch on Data usage. If there is Wi-Fi around, you can switch on Wi-Fi to use it browse the web. Some may need password.
Download Applications From Android Market

a. Add the Google account
b. Enter Android Market (Play Store) and download apps.
Manage Applications

Enter Setting >Apps then manage your applications.
Maintenance & Safety

Please read and observe the following information for safe and proper use of your phone and to prevent damage. Also, keep the user guide in an accessible place at all the times after reading it.

1. **After sales service**
   Kindly refer to the Warranty Card provided in the sales package box.

2. **Charger and Adapter Safety**
   Charger and adapter are designed for indoor use only.

3. **Battery Information and Care**
   - Recharge the battery after long periods of non-use to maximize battery life.
   - Battery life will vary due to usage patterns and environmental conditions.

4. **General Notice**
   - Do not place items containing magnetic components such as a credit card, phone card, bank book, or subway ticket near your phone. The magnetism of the phone may damage the data stored in the magnetic strip.
   - Talking on your phone for long period of time may reduce call quality due to heat generated during use.
   - When the phone is not used for a long period time, store it in a safe place with the power cord unplugged.
   - Using the phone in proximity to receiving equipment (i.e. TV or Radio) may cause interference to the phone.
   - Do not immerse your phone in water. If this happens,
remove the battery and take it to an Authorized Service Center.

- The suitable temperature for the phone and accessories is -10°C ~ 45°C.

- When charging, please place the phone in an environment that has a normal room temperature and good ventilation. It is recommended to charge the phone in an environment with a temperature under 40°C. Please ensure to use only the charger offered by the manufacturer. Using unauthorized charger may cause danger and violate the authorization of the phone and the guarantee article.

- Do not paint your phone.

- The data saved in your phone might be deleted due to careless use, repair of the phone, or upgrade of the software. Please backup your important phone numbers. (Ring tones, text messages, voice messages, picture, and videos could also be deleted.) The manufacturer is not liable for damage due to the loss of data.

- Do not turn your phone on or off when the phone is close to your ear.

Warning: Company will not bear any responsibility for any incompliance with the above guidelines or improper use of the mobile phone. Our company keeps the right to make modifications to any of the content here in this user guide without public announcement in advance. The content of this manual may vary from the actual content displayed in the device. In such case, the latter shall govern.
